THE ILLINOIS SENATORS.

CONFLICTING SENATORIAL REPORTS WHICH CAUSE DOUBT AS TO FACTS.

Mike Gallagher in the Fourth Township—Lawyer Mahony Succeeds Higgins as Public Guardian—Lawyer's Fight Over Appeal from Dr. Mark Hall's Victory Causes Row—Representative Towne Has Again Appeals to Make a Record Breaker.

Washington, D. C., Dec. 12.—(Special.)—The Illinois Senators made their share of orders for Federal appointments today, but one Parrott had nearly a bunch of little wheels, with him completed, to send to the Finance Committee, where it is pretty certain they threaten will not look after them. The first request was to reappoint the National banking agents. No provision has been heretofore provided, Senator Cullom looks on objection to be offered, and in the hearing will be made the action back on action to postpone indefinitely enough, Gallagher on the subject to add.

The next request of the grain and provision dealers of the country to the effect that the Secretary of Agriculture be directed to make a complete test of the grain in the Chicago elevators, and to report to the Senate the result of his investigation, was presented by Senator Cullom. It was the request of the Chicago Board of Trade, and was referred to the Committee on Agriculture.

Senator Hopkins introduced a bill to amend the act of March 3, 1903, so as to provide for the appointment of a United States Commissioner of Immigration at the port of Chicago. The bill was referred to the Committee on Immigration.

A GREAT DAY FOR BILLS

ASSEMBLY OF SENATORS OVERWHELMED WITH MEASURES.

Amending the Law on Commerce and Navigation—Bill Providing for Erection of Memorial Amphitheater—Appointing Joint Rate Commission—Amendment Suggested Here.

Washington, D. C., Dec. 12.—Immediately after the convening of the Senate to-day the floor was filled with a complete volume of measures to increase the existing and grant concessions to the Pacific Coast.

Many bills were introduced and referred, among them the following:

By Mr. Foraker—A bill to amend section 4,386 of the Revised Statutes of the United States, relating to the inspection of steam vessels.

By Mr. Hopkins—A bill to amend section 4,386 of the Revised Statutes of the United States, relating to the inspection of steam vessels.

By Mr. Cullom—A bill to amend section 4,386 of the Revised Statutes of the United States, relating to the inspection of steam vessels.

HAS FORMED A CABINET.

M. GIRARDIN ANNOUNCES A NEW-STYLE CABINET IN FRANCE.

List of the New Ministers—Their Past Services—Premier Carnot Reads to Them His Message—M. Ferry's Election Well Regarded—Text of the Papal Encyclical—Moscow's Ardent Welcome to Lieutenant-Governor Botha.

PARIS, Dec. 12.—M. Tirard, relating to Premier Carnot's success, has consented to make further attempt to organize a Ministry. He submits probably to make as an interim

A Cabinet Composed of the Following Members:

Premier, Minister of Justice.
Foreign Affairs, Minister of Foreign Affairs.
Interior, Minister of the Interior.
Finance, Minister of Finance.
Public Works, Minister of Public Works.
War, Minister of War.
Marine, Minister of Marine.
Colonies, Minister of Colonies.
Agriculture, Minister of Agriculture.
Public Instruction, Minister of Public Instruction.
Commerce, Minister of Trade.

All are new except Mr. Tirard, Admiral Rieunier, Minister of Foreign Affairs, Mr. Develle, Minister of Agriculture, and Mr. Loubet, Minister of the Interior. Mr. Tirard, Admiral Rieunier and Mr. Develle belong to the moderate group. M. Fleurieu and Mr. Loubet were members of the Chamber of Deputies.

The new Cabinet held a meeting at the Elysee this evening when President Carnot read his message to Parliament. This message is lengthy and refers to political questions arising out of the split which the Combes ministry has had to encounter. After submitting the members of the Cabinet for the inspection of the Chamber the President was free to the spirit of conciliation prevalent among the members of the Cabinet, he expressed the hope that the parliamentary majority will continue to pursue its task firmly. The message relating to Panama affairs refers to accident to the canal, public works. The Cabinet's policy in the message will include that the Panama affairs shall be investigated by the ordinary courts, and that the Cabinet will endeavor to reorganize the workmen now with peaceful and earnest workers, but will discourage all violence and conduct calculated to disturb the public peace.

Premier Carnot's message finally upon the necessity of such ministerial reforms as might afford greater guarantees and the importance of settling points of business and having Parliament in the interests, points out that the President confides with the Chamber that he will take every effort to check the spirit of discord which has been manifested in the Chamber of Deputies. The President concludes with the assurance that he will not interfere with the deliberations of the Chamber, but will leave it entirely free to act in accordance with the constitutional rights.

Moscow's Welcome to Botha.

LONDON, Dec. 13.—Lieutenant-Governor Botha, of Natal, who is on his way to England, was received with great enthusiasm at Moscow. He was presented with an address of welcome and a loaf of bread and salt. He replied in Russian, thanking the people for their kindness.

Ex-Governor Foster Interviewed.

WASHINGTON, Dec. 13.—Ex-Governor Foster, of Ohio, who is in the city, was interviewed this morning by a reporter for the Associated Press. He said: "I have been out of politics for a year, and have not been in Washington since the election. I have no political ambitions, and have no desire for any office. I am not a candidate for the Senate, and have not been approached by any one in regard to the matter. I am not a candidate for any office

CONTRIBUTORS to Hospitals, Orphan Asylums, etc., etc., can donate nothing more acceptable than Ivory soap, as it is required daily. The Ivory Soap is the best for the purpose, as it is equally well adapted for the laundry, toilet or bath, and is really pure.

R. Ogden Doremus, M.D., LL.D., says: "I subjected various samples of the Ivory Soap to a rigid microscopical examination. I find it to be free from any forms of animal or vegetable germ life, so cordially commend the Ivory Soap for its unsurpassed detergent properties and purity."

Send your favorite "charity" a box of the Ivory Soap.

A WORD OF WARNING.

There are many white soaps, said represented to be "just as good as the 'Ivory'," they ARE NOT, for like all counterfeits, lack the positive and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

TALK OF THE LEADERS.

CHAIRMAN JAMES WILL CARE AFTER AFFAIRS THIS AFTERNOON SAYS.

One of the Only Party Heads Present Said to Have Taken Flight—Interstate Chairman Is Optimistic About the Result in Illinois, but He Knows Nothing Definite—Hitchcock Is Absent.

WASHINGTON, D. C., Dec. 12.—Chairman James of the Republican National Committee is in New York. He has gone there to remain for some time, leaving Secretary Dunn here to conduct matters. It is necessary to have a committeeman and to maintain some of the usual portions of the work for the Republican National Committee. That Committee now in vote that all the State managers shall be present and hear their story there before the National Committee, and that seventy-four votes of State committeemen shall be given, so that the election of Congressman Lorimer, Illinois delegate, may be held up until December 20th that Berry may vote his district's party.

Mr. J. S. Clarkson, the first member of the National Committee who stopped here for the night, was in his room all day. He said: "I have nothing to say. The whole ground has been gone over by the newspapers and by the leaders of the party. If you have discovered anything new I am glad of it. I have nothing to say."

And Then the Students

"Excuse me, I want to ask you a question."

"I am in luck."

"What is sweet and"

"I hardly know myself, but it's not pudding or candy, or cake. You have never guessed it right, and honest things are rewarded in that way."

"Certainly not. What put that idea in your head?"

"Myself once put the question that you have quickly called out wrong."—Boston Post.

The Washington Rose.

Who is that man coming wildly toward the house?

"That is Mr. Cook."

"There is no room?"

"No thoroughfare."

"Stop him!"

"He has heard of the rose."

"Fire hose!"

"No, hose is unnecessary. Cook hopes to get—Mr. Gardener, can I speak?"—Cincinnati Commercial.

Paper-Making and Printing for the Home Machine.

"Dr. O. A. Bolter of Forty Ave.," says the dentist and journal dabbler, "patented an arrangement for the construction of a printing machine, with a paper-making machine on it, to enclose the manufacture and the printing of the paper in one. It occurred to the inventor of a type-writer that something like an automatic machine for the production of a newspaper might be constructed on the principle of the type-writer, and he has succeeded in producing a machine which will make paper from rags, print it, fold it, and cut it ready for the mail. The machine is about the size of a type-writer, and is operated by a crank. The inventor has a model in his office, and I have seen it work. It is a wonderful piece of mechanism, and I have no doubt that it will be a success. The machine is not intended for the use of publishers, but for the use of private families, who will be able to manufacture their own paper, and print their own newspapers, circulars, &c., to suit themselves. The machine is not yet on the market, but I understand that it will be in a few months."—Chicago Herald.

Chicago Wins.

Visitor (to Parisian)—That isn't the only home we've got. We've got one—

Chicago man (Pride)—We've got six homes besides the one we live in.

"Six, have we? Why, how many, pray?"

"We've got eight—count 'em. What do you think of that?"

"Why, I don't call six seven—seven, but I've got two more."—Judge Horne.

An Editor's Knock.

"Say, Bigsby, do you know how to get rid of a bore?"

"No, I regret to say that I don't. If I could I would when I found myself entertaining."—Boston Bulletin.
